### COLLEGIATE DEPARTMENT.

---

#### TERMS OF ADMISSION.

Candidates for admission must produce testimonials of good moral character; and if from another College, evidence of regular dismissal.

The proper time for examination is Tuesday preceeding Commencement and the day before the opening of the Fall Session.

Candidates for advanced Standing may be received at any time but all such will be examined on the studies previously pursued by the class which they desire to enter, including the studies preparatory for admission to the Freshman Class.

Students are admitted only on examination. When admitted to an advanced class, a fee of \$5 is charged for each years' advancement, except when the student comes from another College, in which case he is admitted to the same grade without the fee, if found qualified.

Candidates for the Freshman Class are examined on the following books :

ENGLISH,.....Grammar ; Geography ; Outlines of Ancient and Modern History.

MATHEMATICS, Arithmetic ; Algebra through Simple Equations.

LATIN,.....Bullion's Grammar, or McClintock and Crooks' ;  
Cornelius Nepos, or Latin Reader , Cæsar (two  
books), Virgil's *Æneid* (four books,) or their  
equivalents.

GREEK,.....Bullion's Grammar, and Reader, or McClintock  
and Crooks' First and Second Books.

Candidates for the Partial Course are examined only in reference to their qualifications to pursue that course.

It is recommended, however, that all whose circumstances will justify it, should prosecute the full Collegiate Course. This course long experience has proved to be best suited to accomplish the great end of education—the developement and discipline of the mind.

The completeness of a student's preparation for admission will materially affect the whole of his subsequent course, as many of the elementary studies cannot receive that attention in College which their importance demands. It is earnestly desired therefore, that candidates adhere rigidly to the course of Preparatory Studies, and that they endeavor to perfect themselves in these rather than anticipate studies which can be pursued to much greater advantage in College. It is, in general, poor economy to attempt to prepare for admission into one of the higher classes; as it is reasonable to suppose that, with the facilities afforded at College, students will be advanced there more rapidly and thoroughly than by teachers less favorably situated.

The Grammar School of the Institution presents peculiar advantages to those who wish to be thoroughly prepared for admission.

The instruction in PHILOSOPHY and ENGLISH LITERATURE is given partly by recitations in History, Rhetoric, Logic, Political Economy, Metaphysics and Constitutional Law and partly by Lectures on the English Language and Literature, the Philosophy of History and Polity, and the History of Philosophy.—Practical exercises in Writing and Speaking also receive special attention in this department.

The course in the NATURAL SCIENCES includes recitations from text books, and lectures accompanied by illustrations and experiments. The facilities of this department for full and efficient instruction are unusually ample. The apparatus is extensive and valuable, and annually increasing. The Cabinet of Natural History is abundantly supplied with specimens.

In the MATHEMATICAL department there are daily recitations. In the senior year, lectures are given on the theories and applications of the higher branches.

In the CLASSICAL department it frequently happens, that either different authors, or different portions of the same author, are read by successive classes; but this fact does not affect the amount of Greek and Latin required of those who apply for admission to the higher classes.

### BIBLICAL COURSE.

Young men preparing for the Ministry who cannot take a full course, can take a select course adapted to their wants, which can be accomplished in two years after they are fully prepared to enter the Freshman Class. The essential parts of such a course are the following :

FIRST YEAR,.....The Latin, Greek and Mathematics of the Freshman Class ; Mental Philosophy begun with the Sophmore Class ; Hebrew begun.

SECOND YEAR,.....Mental Philosophy completed; Logic ; Rhetoric ; Paley's Evidences ; Moral Philosophy; Butler's Analogy ; New Testament Greek; Hebrew ; Biblical Archæology.

Other kindred studies may be embraced according to the time and capacity of the student.

The Patronizing Conferences direct the attention of young men, who are candidates for the Ministry, to this course in the following Preamble and Resolutions :

WHEREAS, Dickinson College provides for a course of instruction in the elements of Moral and Biblical Science and Literature ; and

WHEREAS, This course is adjusted to the wants of those young men who are preparing for the Ministry, and who cannot take the full classical course. Therefore,

*Resolved*, That we advise those young men within our bounds who feel called to preach the Gospel, to avail themselves, as far as practicable, of the advantages of this course of instruction.

### PARTIAL COURSE.

For the accommodation of those whose circumstances do not permit them to pursue the regular course for degrees, an Elective or Partial Course is arranged, made up of such studies in the Grammar School and College as they may be found on examination qualified to pursue.

### RECITATIONS.

At the daily recitations, where the text admits of it, the old catechetical method of instruction is avoided as much as possible,

~~~~~  
and the student required to give a connected view of the subject in his own language, and without the aid of the professor, except on points not fully treated by the author,—thus cultivating at once the powers of memory, thought and discourse.

When the subject is susceptible of it, a written analysis of the previous lesson is required at each recitation; and at the public examination, a written analysis of the whole work.

### BOOKS OF REFERENCE.

The following are recommended as books of reference throughout the course :

Anthon's Classical Dictionary.

Zumpt's Latin Grammar.

Kuehner's or Crosby's Greek Grammar.

Ramshorn's Latin Synonyms.

Students lodging in college, pay for room rent from \$2 67 to \$3 33 for the first session, and from \$5 34 to \$6 67 for the second. Some of the rooms are lighted with gas, the cost of which is charged upon the occupant. Where two students occupy a room, this will probably not exceed \$7 50 per year to each.

These are the only bills payable to the College, except an incidental charge for damages. They are required to be paid to the Treasurer in advance, at the beginning of each session.

---

### RESIDENCE, BOARD. &C.

Students not resident in town are required to lodge in the College, and furnish their own rooms. Furniture can be purchased in Carlisle at moderate prices.

No boarding department is kept in the College. Students board at such private boarding houses in town as are approved of by the faculty. The price of board varies from \$2 50 to 3 00. If students prefer to board themselves, the expenses may be greatly reduced. Washing is 1 50 per month, or 37½ cents per dozen.

### SUMMARY OF ANNUAL EXPENSES

As the College tuition is now for the most part paid by Scholarships, the necessary expenses of a student are much reduced. Parents and guardians are invited to examine the following estimates, as including everything that is strictly required

**BENEFICIARY FUND.**

A Society was organized several years since, having for its object to render aid to such young men as might need it in getting their education.

Ten per cent. of the Conference collections is now appropriated to this fund, with the limitation that it be applied to the aid of those who are preparing for the ministry. Several Scholarships are on hand, the gift of benevolent individuals, for the same object.

Donations in money or Scholarships are solicited, and may be forwarded to Prof. S. D. Hillman, the Treasurer of the College.

—0—**LAW SCHOOL.**

---

A Law Department has recently been established by the Trustees, in connection with Dickinson College, under the direction of Hon. James H. Graham, President Judge of the ninth judicial district of Pennsylvania.

The term of study required for admission to the bar is two years. No examination, and no particular course of previous study is required for admission.

The sessions of the Law School correspond with the College sessions, but students may enter the Law Department at any time, and the term of study will date from their entry. Students who have pursued their studies with a member of the bar, or law Judge of Pennsylvania, for one year, will be admitted to the bar after one year's study in the Law School.

After the term of two years study, the last year being in the Law Department connected with the College, and passing a satisfactory examination by a committee of the Carlisle bar, students will be admitted to practice, and the degree of Bachelor of Laws conferred by the College on the certificate and recommendation of the Principal of the Law School.

A MOOT COURT will be held for the argument of causes previously assigned, and an opinion delivered by the Principal.

Recitations and examinations will be accompanied with occasional oral lectures and expositions on the subject of study. The fees are \$25 00 a term, or \$50 00 per annum, with an additional charge of \$25 00 per annum, or \$12 50 for six months, for admission to the MOOT COURT.

### **GRAMMAR SCHOOL.**

The Grammar School is designed to prepare students for College, and the studies are arranged mainly to that end ; but the course of studies is such as to meet the wants of those also who wish only an elementary English course.

For admission to this department, the student must be at least ten years of age, and have some acquaintance with the elementary English branches. It will be well for students to be present at the opening of the session, as the regular classes are formed at that time ; they will however be received at any time during the session.

The sessions, vacations, and term bills are the same as those of the College. The course of study extends through two years, each embracing two sessions, as follows :

### GENERAL REMARKS.

The government of the Institution is mild and parental. It is designed to secure attention to study and correctness of deportment, not so much by the enforcement of rigid rules, as by cultivating in the student a taste for intellectual pursuits and virtuous habits. But while youthful indiscretion will be treated with lenity, incurable indolence, bad morals, and pecuniary extravagance, will not be suffered to remain, to exert their corrupting influences.

A faithful record is kept of the standing and deportment of each student, and a report is sent monthly to his parent or guardian.

Text Books and Stationery are kept for sale at the College, at prices below the city prices.

### FINANCIAL AFFAIRS OF THE STUDENTS.

As economy is indispensable to the welfare of both the College and the student, and all experience teaches that youth should not be allowed the uncontrolled use of money, attention is called to the following extracts from the Statutes of the College. Though the faithful observance of these rules may not in all cases secure the economy desired, it will doubtless prove a salutary check upon temptations to extravagance and vice:

1. Every minor whose parent or guardian does not reside in Carlisle, shall select some member of the Faculty as his Patron, who shall have special oversight of his deportment, and whose duty it shall be to afford him such counsel as his circumstances require.

2. *All funds* for the use of a student shall be deposited with his Patron; and no student shall be permitted to remain in the Institution, who shall obtain money from any other source, unless he immediately deliver it to his Patron.

3. The Patron shall ascertain at the beginning of each session what expenses each student is allowed to incur, and be strictly governed by such information in his disbursements.

4. No student shall contract any bill without the permission of his Patron.

5. College bills have the preference; all others according to the date of presentation; provided, that no bills shall be paid for horse or carriage hire, confectionery, fruit, eatables of any kind, or other articles unnecessary for a student.

6. The Patron is at liberty to furnish such pocket money as the parent or guardian may prescribe, provided it does not exceed what in his judgement, with the advice of the President, the interest of the student and of the Institution may require.

7. In case any student shall borrow money, or contract any bill, contrary to the rules of the College, he shall be dealt with as for a high offence, and the payment of such bill by him or for him, shall subject him to such discipline as the circumstances may demand.

8. In the monthly report of each student, his Patron shall state the items of expenditure since the last report, together with the amount of funds received. The accounts of the Patron shall, at all times, be open to the inspection of the President and Faculty.

9. A Patron shall not be held personally responsible for any bill of any student. The expenses of correspondence in the discharge of his duties shall be charged to the accounts of the students concerned. As compensation for trouble, and risk, he may charge a commission of three per cent. on all moneys paid out.
